

Segno System

BSB65410DA - Module for pendant mounting - uplight / downlight - dual switch - 1691 mm. - 36+12 W - 3000 K / 3000 K / CRI > 92

DESCRIPTION

Segno System allow to create linear lighting effects without breaks. It is designed in different configuration to different ceiling, pendant, wall, trimless recessed mounting. It is composed by lighting modules which must be completed with the appropriate mounting accessories as a function of the type of installation to be carried out. The installation of the lighting modules in a continuous line is achieved thanks to the special mechanical joints "Junction Driven" which ensure better precision in the alignment of the bars. The lighting modules are pre-wired and can be equipped with different power systems, allowing full compatibility with all electrical systems. The lighting modules are already complete with optics modules (lenses+led) which are fixed by magnets, and the connection is made thanks to a quick connection plug. The optical modules are preassembled and protect the LEDs from any possible accidental contact even during the installation.

Segno System

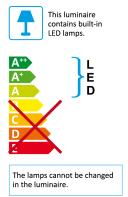

BSB65410DA – Module for pendant mounting – uplight / downlight – dual switch – 1691 mm. – 36+12 W – 3000 K / 3000 K / CRI > 92

MECHANICAL CHARACTERISTICS

product IP rate

IP40

ENERGY CLASSIFICATION

LED SOURCE DETAILS

led source type	SMD Led
Photobiological risk	RG 1 Low risk (IEC 62471)
LED brand	TCI or equivalent
Service lifetime	L70 / B20 - 60.000 h.
Light temperature	3000 K
CRI	CRI > 92
SDCM	< 3

DRIVER CHARACTERISTICS

driver

DALI

LIGHTING DETAILS

emission Beam angle - direct	uplight/downlight (dual switch) 60°
Beam angle – indirect	60°
UGR	< 19
