

### Monochrome control system

DRV8201

#### DESCRIPTION

Dimmer Kit for managing 24 V DC Striped luminous intensity. Complete with RF control and remote dimmer for signal reception. The user can set Striped brightness and dynamic effects directly from the remote control. It achieves adjustment of luminous intensity on 10 levels with 4 preset values. Up to 8 preset dynamic effects. Maximum operating distance of the remote control up to 15 m. in open air.

#### PRODUCTS CHARACTERISTICS

Power control	<b>120 W</b>
Rated voltage	<b>Remote control</b>
Output voltage	<b>24V DC</b>
Output current	<b>24V DC</b>
Insulation class	<b>5A</b>
Dimensions	<b>Classe III</b>
	<b>45 x 13 mm. h 5 mm.</b>
