

### Monochrome control system

DRV8210

#### DESCRIPTION

Mesh Dimmer for managing 24 V DC Striped luminous intensity. Mesh networks can be created by synchronizing multiple dimmers . Devices can be grouped ( up to 4 control groups) and/or operated independently . "Light Mesh" APP managed by smartphone (Apple, Android and Google Play). The user can set Striped brightness and dynamic effects directly from the APP. Allows 0-100% luminous intensity adjustment. Up to 6 preset dynamic effects.

#### PRODUCTS CHARACTERISTICS

Power control	<b>360 W</b>
Rated voltage	<b>Smartphone Bluetooth</b>
Output voltage	<b>24V DC</b>
Output current	<b>24V DC</b>
Insulation class	<b>1 x 15A</b>
product IP rate	<b>Classe III</b>
Dimensions	<b>IP63</b>
	<b>86 x 21 mm. h 8,5 mm.</b>
