

### Miami

EST199 - 2x max. 9 W - Squared

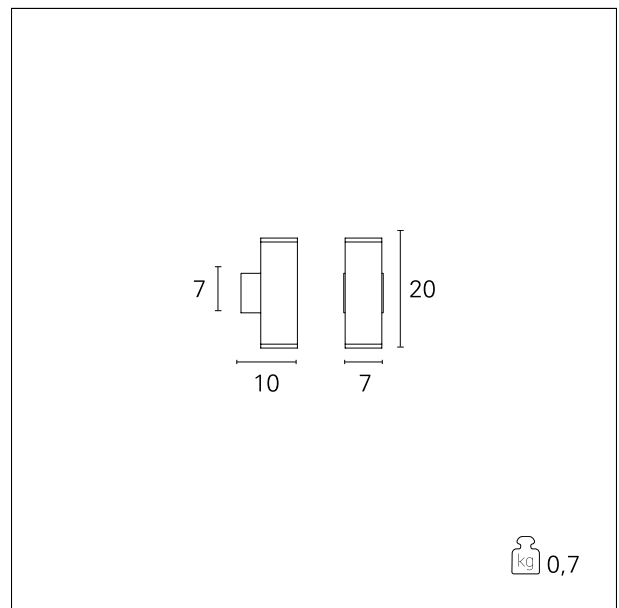

#### DESCRIPTION

Made of die-cast aluminum, the luminaires of the series Miami are available in two cylindrical or square formal variants; both are dual emission, and can be installed on the wall to illuminate small facades with grazing light effects, both upwards and downwards. All versions allow a quick installation thanks to the fixing plate that can be separated from the body and are equipped with a die-cast front ring, complete with transparent safety glass. Equipped with GU10 socket, Miami lighting fixtures allow the replacement of the led source, thus ensuring a long-lasting installation

#### PRODUCTS CHARACTERISTICS

installation type	<b>Wall and Ceiling Mounted</b>
material	<b>Aluminum die casting</b>
Color	<b>Aluminum</b>
Power	<b>2x max. 9 W</b>
net weight	<b>0,70 kg.</b>

#### ELECTRICAL CHARACTERISTICS

feeding	<b>220÷240 V</b>
driver	<b>On:Off</b>
Insulation class	<b>Class I</b>

#### MECHANICAL CHARACTERISTICS

product IP rate	<b>IP65</b>
IK	<b>IK06</b>
