

### Rudy

EST413 - max. 15 W

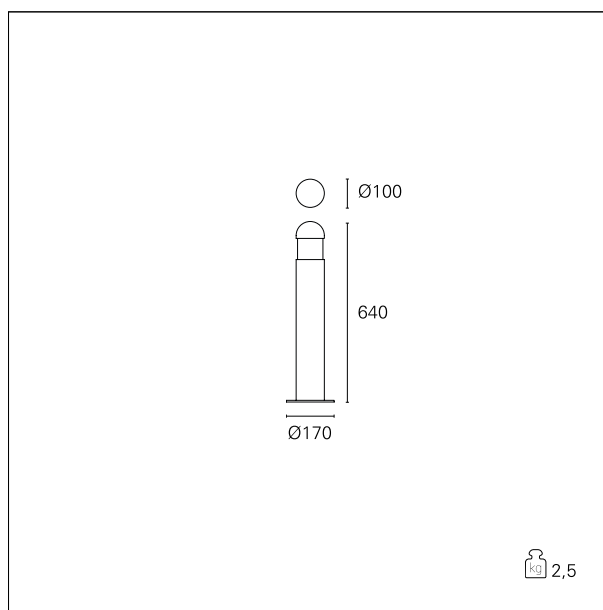

#### DESCRIPTION

Rudy is characterized by its low height and its particular rust-colored finish; it is particularly suitable for lighting residential or condominium areas; equipped with a transparent methacrylate reflector, it directs the light 360 ° horizontally and vertically downwards, eliminating direct glare from any direction of observation. Rudy is equipped with an E27 socket suitable with FBT compact fluorescent sources or LED sources with equal dimensions, and is pre-wired with H07RNF cable and connection box for resin insulation. Replacing the lamp is quick and easy thanks to the removable optical head. The body of the appliance is made of aluminum and is complete with a pre-drilled base with 3 ground fixing points.
