

Boxer

EST81101 - 7 W - Downlight / 3000 K / CRI >80

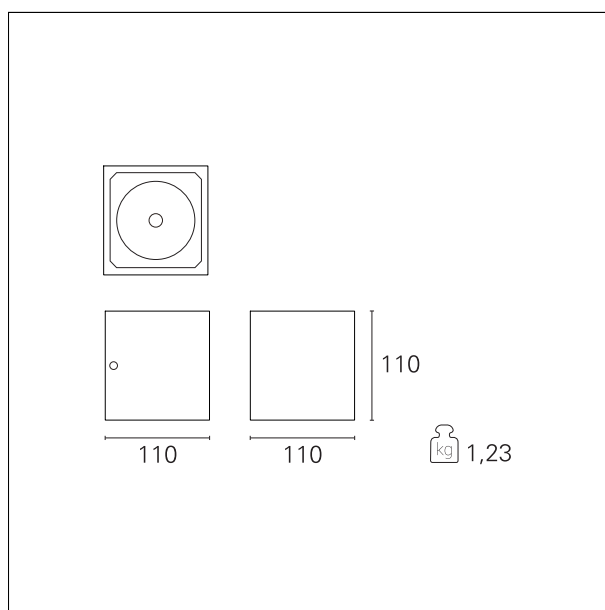

DESCRIPTION

Boxer is an outdoor fixture that can be installed on the wall to obtain grazing facades light effects; cubic in shape, it is extremely minimal and it suits to any architectural style by camouflaging itself on the facade. Made of die-cast aluminum, Boxer is available in two different configurations for mono or dual emission; it is equipped with frame kit, supplied as accessories included, to be inserted inside the optical compartment to shape the emission beam, thus obtaining particular grazing light effects. Boxer is available in the finishes matt grey and matt white; it is equipped with driver and CoB led, and can be easily installed thanks to the fixing plate that can be separated from the body.
