

Penny

GRF10311CA - ø 120 cm. - 195 W - 12675 lm / 3000 K / CRI > 80

DESCRIPTION

Penny is made of matt white painted aluminium and is characterized by its large PMMA lower screen which lights up perfectly evenly; Penny is suspended by means of four PVC-coated steel cables adjustable in height by means of four "grip locks" mounted on the canopy. By using Penny, soft and diffused downward light effects are obtained with emissions beyond 12000 lumens in the larger diameter version; Penny is therefore particularly suitable for illuminating large rooms with uniform light, perfectly distributed and without harsh shadows. Equipped with high efficiency SMD LED sources, Penny is complete with drivers integrated in the body of the fixture and is available with On/Off control or dimmable multifunction 1...10 V, Push, DALI. Penny is available in different sizes and powers and is combined with the corresponding versions for ceiling mounting. Available in dimmable "wireless signal" Bluetooth versions for Pan Digital or Casambi mesh network.

PRODUCTS CHARACTERISTICS

installation type	High Bays	
material	Aluminum	
Finish	Painted	
Color	White	
Power	195 W	
Lumen output – Full emission	12675 lm	~ = 0
Diameter	ø 120 cm.	Ø 50
net weight	16,8 kg.	2,5 350 max 10
		Ø 120

ELECTRICAL CHARACTERISTICS

feeding	220÷240 V	
driver	Casambi	
Insulation class	Class I
