

### Lupin

**PAR185** - 1x spot - 7 W / 3000 K / CRI > 80

#### DESCRIPTION

The Lupin luminaire series is made of matt white painted aluminium. The optical bodies are complete with anti-glare front and are equipped with an integrated electronic driver and GU10 lamp socket. Lupine is designed to illuminate with concentrated light effects; the range includes different configurations for wall or ceiling installation and is completed with coordinated versions for suspended installation.
