

## Stek

**SOS11211** - 4,5 W - 410 lm / 3000 K / CRI > 80

## DESCRIPTION

Stek is a pendant luminaire available in two different sizes: the body, in matt white or matt black painted aluminium, can be 60 or 80 cm long. The diffusing screen and the black cut-off allow perfect shielding of the integrated LED source, avoiding direct glare from all directions of observation. Stek is the ideal fixture for extremely defined spotlight effects. Equipped with an electronic driver integrated in the luminaire, it is complete with a transparent PVC suspension cable, maximum length 350 cm.
