

Funny

TAV40055 - Small - h 207 mm - Battery time max 7 hours - Recharge 2,5 hours / 1,8 W / 2700-3000K

DESCRIPTION

Table lamp for both indoor and outdoor settings; available in two sizes: small and medium. An ideal addition to domestic environments or establishments in the hospitality industry. The light emission optimizes visual comfort with controlled emission and minimum glare. It features a set of highly efficient LED coupled with a lithium battery that ensures long working time. The structure is made of painted diecasting aluminum and polycarbonate LED diffuser. The functions of switching on, adjusting the light intensity and changing the color tone (warm white- cool white) are located at the top of the reflector. The "soft touch" sensors that manage the various functions are not visible. It has memory function: at the restart the previously set light level is proposed. It comes with a contact charging base (220V AC) with a USB cable.

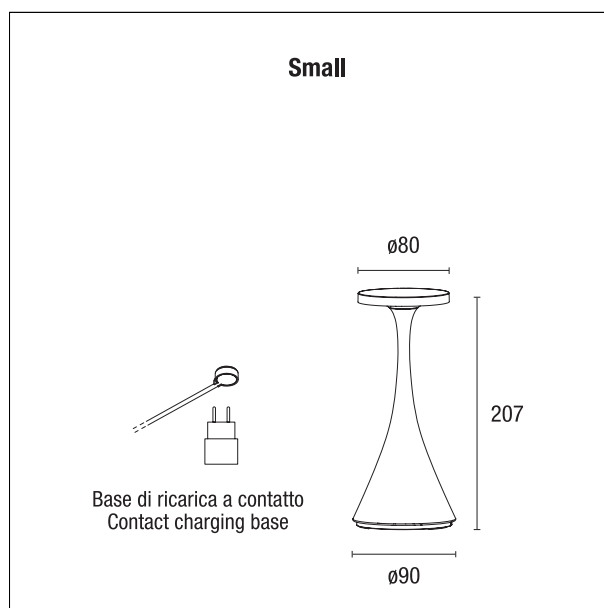

Switch

On÷Off

PRODUCTS CHARACTERISTICS

installation type	da tavolo
material	alluminio
Finish	verniciato opaco
Color	Bianco
Power	1,8 W
Lumen output - Full emission	200 lm
net weight	0,29 kg

ELECTRICAL CHARACTERISTICS

feeding	3,7 V DC
driver	On÷Off
Insulation class	Classe III

MECHANICAL CHARACTERISTICS
